GENERAL INFORMATION

THE PRODUCT—Type of our manufacture is made from several tested and approved metal formulas. Those items listed in the catalogues from 6 to 12 point with a star (*) immediately preceding the point size are made from a special metal formula, which, while not as hard as standard foundry metal, has been giving satisfactory service over a long period. All type without a star is made from the very best grade hard foundry metal and its wearing qualities will compare favorably with any type regardless of its source of manufacture. Strip Rule, Strip Border and 1 point leads are made from a hard monotype formula. Strip Leads and Slugs, 2 point and larger, and Metal Furniture is made from linotype metal. The metals used were selected after careful testing, and the fact that they have been giving satisfaction over a period in excess of twenty years is evidence of the endorsement of the Graphic Arts Industry.

PRICES—Selling prices of all items are shown in attached price list. While every effort is made to keep them uniform, due to fluctuations of the metal market all prices are subject to change without notice. Quantity prices beyond those listed will be gladly supplied upon request. All prices are F. O. B. point of shipment.

ORDERS—Orders for type should specify Series Number, point size, and whether cap, lower-case or complete fonts are wanted. Handy Boxes should be ordered by number, and sorts orders made out on our Special Order Form which will be sent on request.

SHIPMENTS—Shipments are made the day orders are received from large manufactured stocks, securely packed and promptly dispatched. It is important that complete shipping instructions accompany all orders. If you do not specify Freight, Truck, Express, Parcel Post, etc., we will ship by the usual way.

C. O. D.—Collect on Delivery shipments cannot be made to firms unknown to us unless sufficient cash accompanies the order to cover transportation charges both ways.

CREDIT—Open account accommodations are cheerfully extended to firms of recognized credit standing, satisfactory Dun and Bradstreet rating, and to those who can furnish satisfactory commercial references.

TERMS—Selling prices are net and not subject to discount. The bills are payable on the 15th of the month following date of purchase.

RETURN—Display Lines and Sorts, if filled according to instructions, will not be accepted for credit except as old metal. Emblems, Logotypes and designs produced to meet the demand for special events and conditions, such as War and Victory Emblems are not returnable for credit except as old metal.

MATCHING SORTS—We are always glad to check type you may have in your cases with our material for size, alignment and face. When requesting this service be sure to send one each of the characters wanted, and in addition a Cap H and lower case m from each font.

All faces in this catalog preceded with a star (*) are available in machine composition.

The BALTOTYPE Line

CONSISTS OF MORE THAN 180 different series of fine printers' type, together with a complete assortment of quads, spaces, leads, slugs and metal furniture; also a wide selection of piece borders, ornaments, strip rule and strip border.

We manufacture more than 200 of those popular little Handy Box Fonts that have become so useful and necessary in composing rooms everywhere.

New type faces, new Handy Box Fonts and an ever increasing number of other items are being constantly added to the end that Baltotype may become more and more your "Dependable Source of Supply for All Composing Room Requirements."

OUR PRODUCT

Leading printers and typographers in the United States have been using Baltotype in increasing volume because of the quality of our product and the helpfulness of our service. Baltotype will meet the requirements of the finest job in your plant and satisfy the demands of your most exacting customers.

OUR SERVICE

The development of a superior printers' type alone was not enough. A dependable, quick sorts supply was needed. Long ago we originated and perfected our now famous **Sorts Service**. This filled a long-felt want of the printer. It enables him to purchase just the necessary sorts to fill his depleted cases at economical per-pound rates. No longer is it necessary to buy a complete font when only a few characters are needed. A few check marks on our convenient Sorts Order Blank and—presto!—the needed characters are back in his shop.

Our Handy Box idea of packaging accents, fractions, ornaments, swash characters, and numerous other items in little utility fonts, has become an important part of our service. We devote an entire catalog to showing them. Handy Box Fonts we call them—and that's just what they are. If you do not have one, please contact your dealer or write direct to us.

Your work will look fine—

with the Baltotype Line

IMPORTANT Information on Accents

When ordering accents use the system listed below to assure the order being filled properly.

To order specify the following:

- | | |
|---------------------------------|------------------------------------|
| (a) Point size; | (d) Cap, small cap, or lower case; |
| (b) Series number; | (e) Letter of the alphabet; |
| (c) Roman, italic or bold face; | (f) Accent number; |
| (g) Number of ounces of each. | |

Example:

"12 point 8A roman lower case o., No. 3, 2 ounces."
You would receive 2 ounces of ô.

ACCENT NUMBERS

1 Á	6 Ć	11 Ž
2 Ä	7 Ĭ	12 Ø
3 Å	8 Ą	13 ð
4 Ă	9 Ć	14 ă
5 Ñ	10 Ě	15 ů

In the above table only one letter of the alphabet is shown, but other letters having the same accent will be ordered by the same number. **Numbers apply to the accents, not to the letters.**

Names of Accents

▲ Acute	— Macron
△ Grave	˘ Breve
˘ Circumflex	¨ Diaeresis
˜ Tilde	¸ Cedilla
^ Caret	

For a complete showing of piece accents see our Handy Boxes numbers 158 and 159 in our Handy Box and Border catalog.

**Folder of all accents
sent on request.**

BALTOTYPE

SORTS SERVICE

PROBABLY the greatest single asset for the efficient management of any composing room is an adequate supply of type and spacing material. It means more and better work from your compositors with consequent economies, and entirely eliminates "picking" live jobs, "turning" characters and the danger of jobs going to press without the "turned" characters being replaced.

Realizing this, we have developed a sorts supply which has proven to our customers to be one of the most valuable and important features of our service.

Promptness and flexibility are the keystones.

Sorts orders are filled and shipped the same day your order reaches us . . . from a large manufactured stock . . . and not made up to order as received. Our large stock of type and materials, plus an easy method of ordering, makes this service available to printers everywhere with the same speed and satisfaction that we have been offering local printers for years.

Non-distribution is a proven economy on small sizes (12 point and under) as the cost of new type is actually less than the cost of distributing used type. Non-distribution on larger sizes also is used successfully by a number of our customers whose shop conditions make this advisable. Non-distribution, however, is only possible and profitable when an adequate and prompt sorts service is available. The fact that our sorts service is being used with entire satisfaction by some of the most efficient plants, large and small, throughout the country, leads us to believe that you, too, will find our service to your entire satisfaction. We urge you to try it!

The pages following show our "Schedule of Font Schemes" together with examples of the most efficient and economical method of ordering that has been developed by us in cooperation and with the advice of a large number of printers.

May we urge that you read carefully the fourth page of this insert. It tells you how to get your sorts quickly and at the lowest possible cost.

X	X	Y	Y	
Y	Y	Z	Z	
Z	Z			

This form is a reproduction of our "Sorts Order" in which we have illustrated the method for ordering sorts of 14 point Airport Gothic, Series No. 102, Font Scheme 22A Cap, 42a Lower Case.

An order made out in this way would be filled in the following manner:

Cap A is single checked. A job font contains 22 A's We ship 22.
Cap B is marked 4. A job font contains 9 B's We ship 36.
Cap C is single checked. A job font contains 15 C's We ship 15.
Cap I is double checked. A job font contains 7 I's We ship 14.
Lower case h is double checked. A job font contains 28 h's We ship 56.
Period is single checked. A job font of caps contains 22 periods We ship 22.

NOTE: Where large quantities of sorts are wanted and there is not sufficient space on the order blank to make the desired number of "checks," indicate by figure instead. For example: If you need 36 cap B of 14 pt. No. 102, place the figure "4" opposite the character instead of ✓ ✓ ✓ ✓ (four check marks), a job font contains 9 B's, and we will ship 4 times the amount or 36. Please avoid character count, as this type of order will be charged on the "running inch" basis, consequently it is more expensive.

Write FOR A SUPPLY OF "SORTS ORDER" BLANKS AND TRY IT OUT. THEY WILL BE SENT PROMPTLY.

METAL FURNITURE

Metal Furniture is very practical in that there is no shrinking, warping, or bulging of the spacing material in locked forms. It assures a tight, even lock-up, eliminating much piecing, dropped letters and "out-of-alignments." Stacked in 24-inch strips. Also labor saving fonts and utility labor saving fonts.

24-Inch Strips

2 pica widths [solid]

5 lbs. to 1000 lbs.
1000 lbs. or more

3, 4, 5, 6 pica widths [cored]

5 to 100 lbs.
100 lbs. or more

Metal furniture can be furnished sawed and trimmed to any desired length in lots of not less than 20 pieces of a size of 1 lb. extra and shipped promptly. Can also be furnished in lots of not less than 100 pieces of a size accurately cut to any desired length, at 6c lb. extra, but immediate shipment cannot be guaranteed. Minimum width 2 picas; minimum length 7 picas. For smaller units see spaces and quads and quotation quads on page 4.

Labor Saving Fonts

Containing an assortment of all widths and cast in 4, 5, 6, 8, 9, 12, 15, 18, 24 and 30 pica lengths.

25 lb. Font (2 pieces each size)
50 lb. Font (4 pieces each size)
100 lb. Font (8 pieces each size)

Utility Labor Saving Fonts

5 lbs. to 25 lbs.

No-Ride-Up Column Rule

The use of Baltotype NO-RIDE-UP RULE eliminates the objectionable work-up of column rules, where newspaper or other long column forms are printed direct from type.

No-Ride-Up Rule No. 10-B

Stacked in 24-inch Strips

This illustration shows the square side column rule which frequently rides up during press runs, causing the rule to print heavily and sometimes to cut through the paper.

Showing No-Ride-Up column Rule No. 10-B in use. The tapered sides of the rules and linetype slugs grip firmly and prevent "ride-up".

50 lbs. to 100 lbs.
25 lbs. to 50 lbs.
5 lbs. to 25 lbs.

The drawings are slightly exaggerated to illustrate the point

Corner Quads

The use of Corner Quads for bracing mitered borders insures better joining of the rules by preventing slipping past each other. Assures better lock-up on any form where strip-rule is used.

QUADS and SPACES

A shortage of spacing material in the composing room causes much lost time and diverts the compositor's mind from the job he has in hand. Spacing material is inexpensive—a plentiful supply will go far toward plugging the leak and keeping your compositors in proper humor to deliver the best that is in them. Quads and spaces are sold in job fonts, Nos. 2½ and 5 packages. Buy them the most economical way to suit the needs of your own particular composing room.

LEADS and SLUGS

Price Quotations upon request

Leads and Slugs of our manufacture are accurately made from new linotype metal, which enables the printer operating machine composition equipment and non-distribution to re-melt them freely with dumped forms without danger of injuring his metal alloy, and also assures greater value when sold as old metal.

They are made in 2, 3, 4, 6, 10, 12, 18 and 24 point, and 12 point tie-up slugs, and carried in stock in 24-inch strips, or cut and trimmed to size.

Cut to any length over 10 pica.....	
Under 10 pica.....	time only
5-lb. labor saving packages, cut 4 to 9½ by

Schweitzer & Sons - Baltimore
Printing of Character

Trade Marks and Special Designs can be reproduced in cast type from copy furnished by customer. Copy may be a drawing, plate or clear reprint of the design wanted. Art work will be charged extra.

Designs must be inspected and passed by our Mat Engraving Department as to their possibility for reproduction in cast type before an order can be accepted. Excessive shading, very fine lines and very small type will not reproduce satisfactorily.

PRICES—For convenience the Class Numbers given in the Chart following also indicate the Square Picas in a design. To determine the price, take the number of square picas in the design, always using even picas. If your design measures 4½ x 4½ picas, use 5 x 5, or Class 25—or you may place the design in the upper left corner of the Chart. The number appearing directly under the lower right corner of the design will indicate the class. Refer to the Class Number in the table of Trade Mark and Special Design Prices for complete price information. Prices for additional orders apply at any time after original order is filled, provided no change is made in design.

Baltotype Service

As dependable, fast and accurate as we
can possibly make it.

We make no claims for perfection but all
orders that do not require special manufacturing
attention—are shipped the same day as
received.

We use the fastest and most economical carrier
service available, in filling orders far your
area.

Most of our dealers throughout the country
can supply you with whatever you need. They
are an important part of Baltotype Service.

New Type for

Your Old Metal

You will be amazed at the amount
of new type and material you
can purchase by simply checking
your composing room and weeding
out worn and little used metal.

Our price on old metal is the highest
in the industry.

NOTES and NEW FACES

STRIP RULE and DECORATIVE BORDER

By the use of strip material, time is saved in make-up, make-ready is lessened, impressions are even and clean. Pieced rule is becoming a thing of the past, in today's efficient printing plants.

Baltype Rule needs no introduction to the printers of America. It is made from a special hard metal formula tried and tested through years of experience. Uniformity and lasting qualities are built into every strip and have been proven through many long runs in pressrooms everywhere.

Thrifty printers see to it that an assortment of strip rule—both utility and decorative—is always on hand.

HOW ABOUT YOUR SPACING MATERIAL?

Too frequently when a compositor reaches for 3 em spaces he finds the case empty. The cost of time wasted in hunting for a case that contains a few spaces will more than fill all the cases with sufficient spaces for every job.

Plenty of spacing material in the cases means contented craftsmen and fewer headaches for the office figuring why actual working time exceeded the estimate.

Baltotype's NEW • IMPROVED

Type and Rule Catalog . .

Contains many
NEW type faces, and labor savers for
increasing composing room efficiency!

Baltotype's HANDY BOX *Line . . .*

★ This method of packing and marketing is a Baltotype original, — often imitated, but never equalled.

★ These little boxes are everything that the name implies. They comprise an assortment of characters not furnished with regular fonts and cover about everything that could possibly be needed in the modern composing room. The boxes themselves are telescope style, substantially constructed of chip board reinforced with strong kraft paper covering, and provide in themselves easily accessible and permanent storage for the characters they contain.

★ Over 200 boxes now make up the "Baltotype Handy Box Line."

A free copy of our Handy Box
Catalog is yours upon request.
